## SECTION I INTRODUCTION

**1.1 The Kerala State Homoeopathic Co-operative Pharmacy Ltd- (HOMCO)** - Tender Inviting Authority, is a registered Co-operative Society bearing Reg. No. T- 432 (Sponsored by Govt. of Kerala & Aided by Govt. of India), for manufacture of Homoeopathic Medicines. Started functioning in 1978 as a Co-operative venture of Homoeopathic doctors of the State and Govt. of Kerala for preparing and supplying high quality medicines at affordable price, HOMCO becomes the pioneer in this field by catering medicinal requirement of almost all the State Govt. institutions in India. HOMCO also meets the open market demand and enters export market recently to Middle East. It is the only one public sector unit with GMP certificate. Its uniqueness is the assured quality of medicines at Govt. controlled price. HOMCO is running in profit for the last 25 years with good financial stability. It is a trustworthy institution in all aspects like medicine supply, purchase and payments.

**1.2** Due to increasing demand from market HOMCO struggles hard to satisfy its customers with time limited supply. To overcome this situation, HOMCO is in a phase of vast expansion programs. As a part of this expansion programs, we are constructing an additional WHO cGMP compliant manufacturing unit. The civil construction is over and this tender procedure is for the project which is scheduled to be commissioned within 6-8 months.

**1.3** In this tender, the lowest price is not the sole criteria for selecting the manufacturer. The two bid system, which is followed, has been designed to eliminate those manufacturers which do not match the technical specifications or not having the proven technology and to eliminate firms that do not have the financial or technical capability to supply, install and maintain the equipments. i.e., to provide after sales support for a period of minimum 5 years from the date of liability period of One year after the successful completion and commissioning of the work / installation and to ensure 98 % uptime in performance/operation of the equipment.

**1.4** Every paisa spend by the Company is public money and hence accountable. Therefore, after sales service and up-time guarantee on the performance of the equipment purchased by the Company have to be given utmost importance. Company will be dealing with defaulters, which may lead to black listing and recovery of damages. We request our valuable suppliers to avoid all such unpleasant situations.

**1.5** It is also essential while dealing with public money that utmost transparency has to be maintained in the procurements of the Machinery/Equipments etc. All decisions will be published from time to time on our website [www.homcokerala.com](http://www.homcokerala.com). The Company will uphold the fundamental "right to be heard" enshrined under the Constitution of India and will take harsh decisions only after providing opportunity for hearing/submission of facts.

1.6 The objective of maintenance of the equipments, site preparation, timely replacement of consumables, calibration of sensitive equipments, up gradation of technology, training to the staff could be achieved only with the active involvement and support of the manufacturers/dealers of the equipments.

1.7 The 3<sup>rd</sup> Installment of payment to the successful tenders will be settled after obtaining a 'one month performance certificate' from the head of the department – one month period is a period of trail run - during which the performance of the equipments will be keenly observed. We ensure that the technical specifications are not biased towards a particular equipment/firm, through consultations during the pre-tender meetings with the prospective tenderer's. Amendments in the terms and conditions of the tender documents may be resorted to on the basis of expert advice to see that more than one firm qualifies for the final round. Technology specific specifications/conditions and entertaining direct purchase will be undertaken, if and only if, the department certifies the equipment required is of proprietary nature. Since the equipments procured are dealing with manufacture of medicines, it is our endeavour to ensure that most modern, but proven and durable equipments are procured and supplied. The tender documents are prepared after assessing the market to meet such objectives.

Looking forward for a long standing good relation with you.

Best wishes,

Sd/-
